What is this product?

Type: Units of AMUNDI ETF GOVT BOND EURO BROAD INVESTMENT GRADE 10-15 UCITS ETF DR, an FCP.

Term: The Fund has an unlimited duration. The Management Company may dissolve the Fund by means of liquidation or merger with another fund in accordance with legal requirements.

AMF Classification ("Autorité des Marchés Financiers"): Euro bonds & debt securities

Objectives: AMF (Autorité des Marchés Financiers) classification: Bonds and other euro-denominated debt securities.

By subscribing to AMUNDI ETF GOVT BOND EURO BROAD INVESTMENT GRADE 10-15 UCITS ETF DR you are investing in a passively managed UCITS whose objective is to replicate as closely as possible the performance of the FTSE Eurozone Government Broad IG 10-15Y index (the "Index") regardless of whether it experiences a positive or negative development. The target of a maximum Tracking Error between changes in the Fund's net asset value and that of the Index is 2%.

The Index, coupons reinvested (the coupons paid by the debt securities comprising the index are integrated into the index calculation), denominated in euro, is calculated and published by the index provider FTSE.

Bonds included in the composition of the FTSE Eurozone Government Broad IG 10-15Y Index belong to the universe of securities issued by Member States of the Eurozone with a maturity of between 10 and 15 years and with at least two Investment Grade ratings from the rating agencies S&P, Moody's and Fitch.

Further information regarding the composition of the Index and its operating rules is available in the prospectus and at www.ftserussell.com. The Index is available via Reuters (EMIGE5=) and Bloomberg (EMIGE5).

To replicate the FTSE Eurozone Government Broad IG 10-15Y Index, the Management Company applies a "passive" management approach using

the direct replication method which consists of investing in financial securities that are part of the FTSE Eurozone Government Broad IG 10-15Y Index in proportions that are extremely close to those of the index.

The UCITS is subject to sustainability risk within the meaning of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (the "Disclosure Regulation") as defined in the risk profile of the prospectus.

The Fund's net profit as well as its net realised capital gains are systematically reinvested.

You may resell your units during the trading hours of the various stock exchanges, provided that the Market Makers can maintain market liquidity. Recommendation: This fund may not be suitable for investors who plan to withdraw their contribution within five years.

Intended retail investors: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds, seeking to increase the value of their investment over the recommended holding period and who are prepared to take on a high level of risk to their original capital.

Redemption and transaction: Units may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the AMUNDI ETF GOVT BOND EURO BROAD INVESTMENT GRADE 10-15 UCITS ETF DR prospectus.

In accordance with the prospectus, net income and capital gains from sales may be capitalised or distributed at the discretion of the Management Company.

What happens if Amundi Asset Management is unable to pay out?

The assets and liabilities of the Fund are segregated from those of other funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Fund would not be liable if the Management Company or any delegated service provider were to fail or default.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

*On the secondary market: the Fund is an ETF, so investors who are not Authorised Participants must, in principle, buy or sell the Fund's shares on the secondary market. On the secondary market, investors may incur brokerage charges and/or transaction charges when they place their orders to buy/sell on the relevant stock exchange. These charges are collected by market intermediaries rather than being deducted by/paid to the Fund or the Management Company. Investors may also pay an additional sum amounting to the difference between the sale price and the purchase price of the Fund's shares (bid-ask spread).

On the primary market: Authorised Participants who subscribe to/redeem their shares directly from the Fund will pay the costs applicable to the Fund's primary market as described in the prospectus.

How long should I hold it and can I take money out early?

Recommended holding period: Five years is based on our assessment of the risk and reward characteristics and costs of the Fund.

This product is designed for medium-term investment; you should be prepared to stay invested for at least 5 years. You can redeem your investment at any time, or hold the investment longer.

Order Schedule: Orders to buy and/or sell (redeem) units received and accepted by 3:30 pm on any business day in France are ordinarily processed on the same day (using the valuation of that day).
