What is this product?

Type: Units of AMUNDI TOTAL RETURN, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as an FCP.

Term: The term of the Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: The Fund seeks to generate an attractive return over the recommended holding period while maintaining low economic risk by investing at least two-thirds of its net assets in bonds, including floating-rate securities, zero bonds, convertible and warrant bonds as well as money-market instruments.

To achieve its objective the Fund may use securities, techniques and instruments e.g. credit linked notes and up to 20% of its net assets in credit default swaps to manage credit risks, issued by specialised first class financial institutions provided, when not used for hedging purposes, their obligations do not exceed the net assets of the Fund.

For efficient portfolio management, the Fund may use foreign exchange forwards, swaps, futures and options on securities, European, American and Japanese equity and bond indices, currencies and exchange-traded funds. To minimise the currency risk, assets not denominated in euros may be hedged against the euro. The Fund may hold cash and cash equivalents. The Fund may invest its assets in securities issued or guaranteed by an EU Member State or its authorities, another OECD Member State or a public international organisation to which one or more EU Member States belong.

Benchmark : The Fund is actively managed and is not managed in reference to a benchmark.

The distribution unit pays dividends annually.

The minimum recommended holding term is 4 years.

Investors may sell on demand on any business day in Luxembourg.

Intended Retail Investor: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment over the recommended holding period with the ability to bear losses up to the amount invested.

Redemption and Dealing: Units may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the AMUNDI TOTAL RETURN prospectus.

Distribution Policy: As this is a distributing unit class, investment income is distributed.

More Information: You may get further information about the Fund, including the prospectus, and financial reports which are available at and free of charge on request from: Amundi Luxembourg S.A. at 5, allée Scheffer 2520 Luxembourg, Luxembourg.
The Net Asset Value of the Fund is available on www.amundi.lu

Depository: Societe Generale Luxembourg.

What are the risks and what could I get in return?

RISK INDICATOR

The risk indicator assumes you keep the product for 4 years.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is medium-low risk class. This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely impact our capacity to pay you.

Additional risks: Market liquidity risk could amplify the variation of product performances.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Beside the risks included in the risk indicator, other risks may affect the Fund's performance. Please refer to the AMUNDI TOTAL RETURN prospectus.
