What happens if Sparinvest SICAV is unable to pay out?

No investor compensation or guarantee scheme applies to an investment in the Fund. Any investment into the Fund could entail the loss of the entire investment.

The Fund's assets are safeguarded by the Depositary. However, in the event of the Depositary's insolvency, the Fund may suffer a financial loss. Since the Depositary is required by law to segregate its own assets from the assets of the Fund, this risk is however mitigated to a certain extent.
